IMPRESSIONS SCHEDULING & PRICING

After researching, we have put together an integrated program that targets a high net worth audience (top 10% of Household income (HHI)) A25+ San Francisco DMA (including Silicon Valley and Sonoma), Hong Kong/China.

The plan is projected to deliver over 5.8 million impressions between May 1st and October 30th 2020.

This recommendation includes:

- Site specific segments that allow us reach to a high net worth audience in a premium editorial environment in leading national news, wine aficionado, epicurean and business/finance websites.
- A behavioral targeted custom in-market segment, that will allow us to reinforce and show banners to people who are considered actively looking for real estate across the San Francisco DMA.

» SITE SPECIFIC

This segment consists of premium websites with income and geo-targeting to extend the overall reach of the program. For this segment we have recommended readers A25+ in top 10% HHI living in the target markets with premium sites business/finance, wine, epicurean and equestrian sites like WSJ.com, Bloomberg.com, Decanter.com, FoodandWine.com and CNBC.com.

» BEHAVIORAL TARGETING - IN MARKET

We are able to target A25+ in the top 10% of HHI who are actively searching for Real Estate based on their online behavior (sites visited, content consumed and search activity) across the San Francisco DMA (including Silicon Valley and Sonoma)

Since this segment targets behavior first, the banners could end up showing on any site across the web. To ensure that the banners are seen in a premium environment, we have created a “white list” of sites. Ads will only show to people who have met our targeting criteria (In-Market, income and geo-target) on one of these sites. Sites include top regional news sites and premium national sites (e.g. cnn.com, nytimes.com, NJ.com, espn.com) and leading tech websites and blogs (to reach the venture/tech community).

» MEASUREMENT

Key metrics (KPI's) that will be tracked include impressions, clicks, click through rate (CTR), and (if tracking codes are installed on the landing page) Sessions, Pages Per Session, Average Time Spent, Conversions

» REPORTING

We will provide monthly reporting that will summarize the KPI's (Key Performance Indicators) and provide optimization recommendations.
