Comprehensive Reporting For Your Customized Campaign

After the launch, we give you complete and comprehensive reporting for the duration of your campaign. We can also give 30 day reports for you to evaluate the effectiveness of your targeting and to adjust it.

- We project the number of impressions (number of times the ad appears on each site) during your campaign.
- The number of impressions are broken down by number and site for the duration of the campaign.
- The delivery by site is broken down into delivered impressions, clicks, and click-through rate. This allows you to see on what sites your ads are performing well and where there needs to be improvement. With this information we are able to adjust the campaign for maximum effectiveness.

SOCIAL MIRROR ADS

Social Mirror ads look like your social media display or video posts but appear on other websites and apps, linking back to the social media platform and your website, and run across all devices using our targeting strategies.

We are “mirroring” the exact look of your social post as an ad that runs on thousands of websites and apps, targeted just to the people you want to reach across all devices.

Social Mirror ads can be done with any organic or paid posts from your business account on these 8 social media platforms: Facebook, Instagram, Twitter, LinkedIn, TikTok, Pinterest, Snapchat, or YouTube.

Ads can be display, video, OTT across connected TVs or carousel.

TARGETING ABILITIES:

- **Behavioral** – Thousands of targeting categories including demographics, on-line and off-line behaviors, and interests.
- **Keywords** – Target a list of up to 500 keywords related to your business, and show ads on the web pages where they appear.
- **A.I. Targeting** – Show your display or video ads to people across all devices, using machine learning to target consumers based on who is engaging with the ad.

- **Retargeting** – Following people after they leave your website and showing them your Social Mirror ad, on other websites and apps they go to, across all devices.
- **Custom Audience Matching** – Target people on your list of emails, addresses, or phone numbers and show them Social Mirror ads when they browse websites and apps.

Google AdWords
